

RENEWABLE ENERGY PARK

February 2025

SEC Renewable Energy Park - Horsham Works Update

To the resident,

Thank you to everyone who attended our community information sessions in December 2024.

Members of the SEC, OX2 and PSD teams spoke with more than 50 community members, and we appreciate the feedback and insights provided.

We would like to update you on the progress of the project.

The project is now entering its pre-construction phase, with activity on site beginning in February 2025.

What works are happening?

During this pre-construction phase, you may notice that fencing will be built and additional equipment will be arriving on site. Following this, civil works will commence in accordance with planning approvals.

We will continue to update you as the project progresses.

If you would like to speak with a member of the team, please call **1300 305 700** between the hours of 9.00am-5.00pm, Monday to Friday, or at any time via email at info.SEC@secvictoria.com.au.

For urgent enquiries relating to construction activities outside of the above hours, please call 1800 809 740.
